Forecut Editorial · 11 October 2026

Key colours

- **Indigo** (Pantone 19-3864 TPX · #2f3f7a): Blue, from deep indigo to blue-and-white, was the most-seen colour story at Lakmé Fashion Week 2026. Use it on denim, handloom kurtas and printed co-ords.

How to use the palette

- Build festive capsules from one jewel tone plus champagne gold and ivory.
- Use sage, ivory and dusty rose for handloom and day-function ranges.
- Run indigo across every category, from denim to sarees and footwear, and warm it with rust.
- Pantone TPX codes are the nearest match to each screen colour. Confirm with a physical Pantone book and lab dips before bulk dyeing.
