CORE ITEM UPDATE · INDIA

Core Item Update: Lehengas 2026–28

Lehengas are getting lighter and easier to wear across several functions.

Forecut Editorial · 11 October 2026

Overview

Lehengas are getting lighter and easier to wear across several functions. Cape lehengas and light organza lead the rise; ombré skirts peak in Summer 27; fish-cut skirts are the emerging silhouette. Crop-top sets have peaked and begin to fade.

Summer 28 Peaking	Festive 28 Peaking	

TEST EMERGING

Tiger-stripe fishtail lehengas

Black-and-gold stripe-patterned lehengas cut close through the hip and flared at the hem, worn with a sheer dupatta, as on Janhvi Kapoor at Manish Malhotra's Diwali party, Mumbai, Nov 2026. Early signal. Trial in small drops and premium lines.

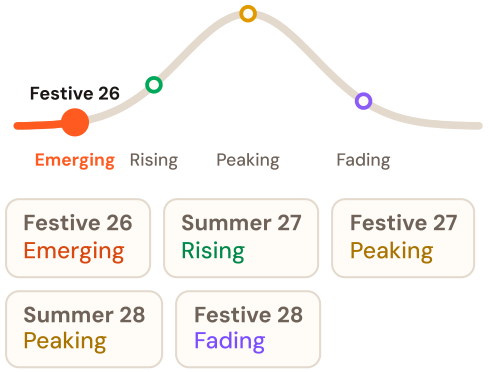

MAINTAIN PEAKING

Crop-top lehenga sets

Shorter blouses with high-waisted skirts. At its height. Keep in core ranges without over-buying.

How to update your lehengas range

- Lead with cape and light organza lehengas for sangeet and day functions.
- Test fish-cut skirts in a small premium drop.
- Keep can-can light and add side zips and drawstrings for fit.
- Reduce crop-top sets from Festive 27.

What to check in lehengas development

- **Skirt panels and flare:** kalis (panels) and can-can control volume; specify flare in metres.
- **Waist and length:** leave seam allowance for alterations.
- **Blouse:** offer padded, corset or simple blouse options.
- **Weight:** state the approximate finished weight for comfort.

Fabric guide

Choose fabric by occasion, climate and price point. The same design often needs two fabric options: a premium version and a value or summer version.

- Organza and tulle for light volume
- Raw silk and velvet for winter weddings
- Georgette for fluid, lighter lehengas
- Brocade for traditional bridal

The global view

Indian lehengas sell well beyond India, to South Asian communities in the UK, North America, the Gulf, Southeast Asia and Australia, and increasingly to customers discovering Indian craft. For international customers, provide clear size conversions, care guidance and styling ideas for local events.

Common questions

How heavy should a bridal lehenga be? Lighter is in demand. Many brides now prefer weights that are comfortable for long ceremonies, achieved with lighter bases and structured volume.

Which lehengas suit guests? Light georgette, organza and printed lehengas in pastels or jewel tones that can be re-worn.

See every lehengas detail with design notes and downloadable cards in the India Forecast 2026–28.
